Makeovers

For those with a wardrobe full of clothes and nothing to wear, Savvy Image Consultancy is here to help. Its staff will weed your wardrobe and give you a style and makeup makeover. Also available are four home-party workshops: Ladies Color and Style (\$500-\$750), Pre-teen-tastic Day (\$400), teen fashion and image tips (\$400) and Business Dressing Workshop (\$500-\$750 - men's workshops are conducted in the office). The rates are per person for a minimum of three people. Its Fashion and Style Solutions workshop includes a personalized book with swatches of colors and fabrics, jewelry and accessories that suit you, as well as a head-to-toe analysis of your face shape and body type.

For bespoke home spa treatments, Suzanne from The Lavender Room offers an a la carte treatment menu from \$1,000. She also organizes spa and tanning house parties, from \$300 a head.
